DISTANCE REIKI

Distance Reiki is a healing technique that uses the same principles of traditional Reiki but without the need for physical contact. Reiki practitioners can channel healing energy through the power of intention, allowing the client to receive the healing energy from a distance.

During a distance Reiki session, the focus is on your energetic field and sending healing energy to the relevant areas. You will often experience a feeling of relaxation and balance, and may also feel the energy in other areas of your body.

Distance Reiki can be used for a variety of issues, such as physical pain, emotional distress, or spiritual healing. It can also be used to help you connect more deeply to your higher self, allowing you to release old patterns and beliefs that no longer serve you.

A SPECIAL PLACE FOR MIND, BODY, & SPIRIT.
